

Post-doctoral Position (12 months)

Call for applications

Applying plagiarism detection methods in the analysis of the Latin manuscript transmission of the *Physiologus* and its avatars (IX-XV AD)

University Nice Sophia Antipolis – CEPAM (UMR 7264, CNRS)

Location: Nice
Salary: 2.200€ (net)
Hours: Full Time
Contract Type: Contract /Temporary
Placed on: 20th June 2015
Closes: 15th september 2015

Application is invited for postdoctoral Research Associate to join the CEPAM (research lab UNS and CNRS) and work in the interdisciplinary, collaborative project entitled Zoomathia. The work will be in french or in english, according to the linguistic skills of the person recruited. A Description of the work is here : <http://www.cepam.cnrs.fr/spip.php?article2368>

The local project team consists of ten advanced students, engineers, lecturers or professors of two labs ([CEPAM](#), [I3S](#)) working independently and in collaboration with each other and the director of the project.

The contract is for 12 months (starting between 01/01/2016 and 01/01/2016 : to be discussed).

Applicants should have a PhD and research experience in classics, especially latin literature. Experience in paleography, ecdotic and medieval literary transmission is requested. Preliminary interest and skills in Digital Humanities are welcome. The postdoctoral Research Associate will work in collaboration with philologists, historians and informaticians.

To apply for this vacancy and to view further information about the role and the context, please visit: <http://www.cepam.cnrs.fr/zoomathia/spip.php?article85>

The applicants are invited to send a cover letter and a CV with detailed information on their linguistic level in latin language, and research experience here : zucker@unice.fr

A recruiting committee will select among applicants and invite the short-listed to an interview (visioconference) in late september 2015.
